Terms & Conditions

The enclosed General Terms and Conditions of Sale are an integral part of this contract (can also be found here: <https://e-farm.com/en/terms-and-conditions>).

The goods are sold to the exclusion of any warranty pursuant to No. X.3 of the General Terms and Conditions of Sale.

The goods are owned by a third-party-supplier from whom E-FARMS intends to purchase the Goods in its own name and for its own account for Buyer. If it turns out after conclusion of contract that the Goods are no longer available from the respective supplier E-FARM will notify Buyer without undue delay. In this case either Party has the right to rescind the contract on the concerned Goods. Alternatively, the Parties may agree that EFARM shall try to find acceptable replacement goods. If such replacement goods are found and both Parties agree on the terms and price of the replacement, the order will be adjusted accordingly. If no replacement goods can be found or the Parties do not agree on the terms and price of the replacement, either Party again has the right to rescind the contract.

The Goods comply with the legal and technical requirements applicable in the country where the machine was last registered. E-FARM points out that there might be deviating or additional requirements applicable in other countries. E-FARM does not warrant that the Goods will also comply with these requirements. The Buyer is responsible for checking the applicable requirements and for obtaining any permits or authorisations required in order to use the Goods at the place of destination.
